FEDTECH 2012

Secrets of Agency Success

- | | | | | |
|---|---|--|---|--|
| Build
a 3 to 5 year business case to establish support and debunk the myths | Assess
the organization vulnerabilities in moving to cloud architecture and mitigate through planning | Identify
candidates for the cloud by first determining what belongs in the cloud and on the ground | Leverage
SOA to build a sturdy and agile foundation for the cloud | Establish
a roadmap with a series of short defined changes to achieve the long term plan |

MONTHLY BREAKFAST SERIES:

FY14 Federal IT Budget Preview

APRIL 19, 2013 / STEVEN VANROEKEL KEYNOTE / WWW.AFCEABETHESDA.ORG

PortfolioStat 2.0 Overview

- Led by OMB in coordination with the agency
- Expanded in scope to touch on all areas of information technology, most notably innovation
- Streamlining information collection:
 - Aggregating multiple disparate collections into 3 data calls
 - Renewed emphasis on Strategic IRM Plans and Enterprise Roadmaps
- Integrates data center consolidation as a facet of quality portfolio management

@stevenrvdc
